PROFESSIONAL SUMMARY

MCA Graduate with strong foundation in **Java, Spring Boot, React, and SQL**. Experienced in developing scalable backend services, RESTful APIs, and responsive UI components. Hands-on exposure to **Agile/Scrum practices**, Git-based version control, and cross-functional collaboration. Strong problem-solving skills with a passion for learning and building production-ready applications.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript (ES6+), TypeScript
Frameworks: Spring Boot, React.js, Node.js, Express.js, React Native
Databases: MySQL (SQL), MongoDB, Firebase
Tools: Git, GitHub, Postman, VS Code
Concepts: OOP, Data Structures, REST APIs, Agile, SDLC, JWT Authentication, RBAC

EXPERIENCE

Software Engineer Intern — Bitfix Technologies 2026

- Developed scalable backend services and RESTful APIs using Node.js, applying design principles aligned with **Spring Boot architecture**.
- Built and optimized UI components using React Native and TypeScript.
- Designed and managed database operations using MongoDB and SQL concepts.
- Participated in Agile/Scrum ceremonies including daily stand-ups, sprint planning, and retrospectives.
- Collaborated with product, QA, and UX teams to deliver high-quality features on time.

Associate Software Engineer Intern — Miamin Systems Inc 2024

- Contributed to full software development lifecycle: requirement analysis, development, testing, and deployment.
- Used Git/GitHub for version control, branching strategies, and team collaboration.
- Assisted in building backend and frontend modules in a collaborative environment.

PROJECTS

WorkPulse – CRM, Attendance & Leave Management System

- Built full-stack application with React Native frontend and Node.js backend.
- Designed RESTful APIs with JWT authentication and role-based access control (RBAC).
- Implemented MongoDB database for efficient and scalable data storage.
- Developed modules for CRM tracking, attendance management, and leave workflows.

Jalamithram – Water Supply Management Application

- Developed Android application using Java and Firebase.
- Integrated real-time notifications using Firebase Cloud Messaging (FCM).
- Improved system efficiency through automated validation and data handling.

EDUCATION

Master of Computer Applications (MCA)	2024–2026
Cochin University of Science and Technology	CGPA: 9.10
B.Sc. Computer Science	2021–2024
Kannur University	CGPA: 8.726

ACHIEVEMENTS

- CodeChef Silver Badge (250+ problems solved)
- LBS MCA Entrance Rank 226/3553 (Top 6%)
- Certified in Cloud Computing, IoT, and Data Visualization (Power BI)
